POLINOPOLIS

Milo and Yuca are two inseparable friends; they do everything together! Just like all friends, they sometimes argue about things like pizza toppings. One small detail worth mentioning is the fact that Yuca is a forest spirit: horns and fangs and all. Their other friends don't look alike either: Zabo is a male bee, Roco is a grumpy rock that comes to life and Uma is a flying head. This is because Polinopolis, where they live, was built on top of layer after layer of cemetery ruins. They've to deal with typical "first times" for their age: facing the school bully, learning to do a flip on their bikes and such. Their adventures are sometimes strange, occasionally paranormal and often absurd, but they always come with a big dose of humour.
